Options	UV and white light lamp
Measurements (l x w x h in mm)	223,6 x 136 x 130
Weight in kg	0,8

Short facts:

- Checks the chemical composition

RP 50

Counterfeit detector pen

The detector pen is usable for all currencies, except notes which are made of plastic. The banknotes have to be marked. If the colour lightly fades, it is a real note. If the colour becomes darker, it is a matter of a suspect note.

Technical Data	Soldi 120
Counterfeit detection	Chemical composition of banknote paper
Weight in kg	0,09
